Chapter and Complete State of

North Sea quota off

BRITAIN is to decide her own North Sea herring catch for the remainder of this year following another collapse of the North-East Atlantic Fisherles Commission's quota system. Norway objected to her quota on July 15 and now Britain in the face of large-scalo herring fishing by foreign fleets close to UK limits - lins put in an objection. Britain was adhering to the 9,700 tons she was allocated until Norway objected to the scheme. Now, our catch has exceeded the quota. The move to opt out was welenmed by Scottlsh herring fishermen's representative, Gilbert Buchan of Inversalochy, who said lust

week he is 'delighted'. It would be stupid on our part not to allow our ishermen to carry on fishing when the herring is inside our 12-mile limit - especially when Nurway is catching, he

### Record

Some indication of the shape of things to come emerged early on the Monday market when Bekimoel (Skipper Anton Bojan) crash-ed through the £10,000 barrier for the first time with a fine cetch of plaice. Har turnout of 280 kits nettad

Then, literally minutes later, 330 kits, mostly of codstuffs, from Allard Hewson's Verallo (Skipper Bebbe' Olesen) set up a new standard with a tally of ti0,602.

Also in the money were Sieight's Grenoo Woy Iskipper Jimmy Howard and Rasmine (Skipper Villy Thomsen), from the Chapman spency, with £8,071 and £8,020 spiece.

It was particularly snowled olog so well again after shaking off the recent los of Bekima.

As the marketesettled a little in the following days, no constant of the standard to sail out of Aberdeen without unloading her maiden catch the boats would be discharged to the boats would be discharged. Adelphi set sail for Poterhead which she reached at about 8 am. There the crew was able to unload the 400 box catch easily and without a hitch, and were just in time to catch the market. Skipper Murray said that the boats would have lost quite the boats would have lost quite was one of the last to be sold that morning owing to the boat's late arrival.

As the marketesettled a little in the following days, no constant and the following days, no constant and the could see no sensible reason for the lumpers' onjection to his boat as the Then, literally minutes THE new 74ft. attempted to unload the catch never go back to Aberdeen

As the markete settled a little in the following days, no one could quite match these returns, although large North Ses cod was etill making around \$240 a kit by the One case.

The following days, no lumpers would not unload the objection to his boat as the catch because "there was not arrangement of rope reels, enough room for a man to run hatch and gutting ehelter was out of the way if the landing similer to that of other boats derrick came down".

He added that if the crew He added that he would
